Codeaholic

A free *coding* competition to embrace your skills

powered by  HackerRank

Greetings, everyone!

We at **CESTA** are here to make your lockdown more exciting and so we are back with another event **CODEAHOLIC!**

To build a competition among the students and provide learning opportunities to find their engrossment.

In the event student from any honored college can submit their code.

25-29 May 2020

RULES

Competitive programming problems would be given (5 problems to participants).

In order to score, one needs to [open the corresponding link and submit their code](#) in the website itself. You would [need to register](#) yourself first before submitting the code.

If you have any issue please feel free to contact gargpulkit455@gmail.com with your Name College and Enrolment No.

Code can be done in any one of the following programming language [C](#), [C++](#), [Python](#), [Java](#).

Results will be declared online at code-aholic.github.io/code-aholic.

Code should be genuine. In case of plagiarism, concerned students will be [disqualified](#).

Students should submit their codes by [29th May 2020](#). After that, none of the submissions will be approved.

Winners will be announced after the completion of the event. Participants will get a [participation certificate](#).
